

TOWN OF CONCORD TOWN BOARD MEETING
Work Session 6:30 p.m.

July 11, 2019

Supervisor Drake discussed the following:

1. The Springville Chamber of Commerce Ducky Derby will be held July 27th. The Town is a member of the Chamber. Supervisor Drake encouraged the Board to sell their tickets and to attend the event.

2. The Community Development Block Grant Committee sent the Town a survey to obtain the Town's potential CDBG projects for the next five years. Supervisor Drake noted that there are a lot of projects the Town could do and use the money but he reminded the Board that 41% of the residents in the area need to be low- or medium-income level for the project to be approved. Supervisor Drake is not certain if the Craneridge area would qualify. The Board discussed some potential projects: Community Park updating, paving the parking lot at the Senior Center and a generator for the Town Highway garage. The Board and Highway Supt Dains thought the paving of the parking lot at the Senior Center would be a good project.

3. Supervisor Drake and Councilman Snyder will be meeting the Craneridge Association on Monday, July 15th to discuss their lighting district. Supervisor Drake will also bring up their sewer district issues.
